FEATURES OVERVIEW

Access to the Paul Mark Group Portal

The portal allows you to request service at major truck stops and arrange for minor repairs, as well as road service, all at discounted prices, right from your computer or phone.

Fuel Card

Our fuel card comes with higher fuel discounts than what you're currently receiving, with no transaction fees, plus a weekly credit line, and no signup fees. You'll also have access to a wide network of major truck stops.

And even better: there is no contract - you can leave us at anytime, if you wish. That should show you that we're confident in our product.

Exclusive Pricing on Premium Tires

Tires are typically expensive, and you will gain access to exclusive, discounted premium tire pricing. Tires are available nationwide at an exclusive price, or can be delivered in the Midwest for free. For instance, a premium steer tire with 16-ply, which usually costs \$900 per tire, will cost you just \$567 as part of the Paul Mark Group.

Roadside Service Assistance

Imagine this situation: it's Saturday, you're enjoying a barbecue, and suddenly, your truck-trailer blows out somewhere over the road. With your truck on the side of the highway, you're faced with the task of finding roadside assistance. You're forced to interrupt your day and work on securing a road service.

However, you remember that a few weeks ago made the decision to join the Paul Mark Group by taking advantage of the fuel card with its added benefits. Now, Paul Mark Group will handle this problem for you at a discounted price and headache-free, so you can continue enjoying your Saturday.

Exclusive 24/7 Customer Service

We understand how frustrating it can be for a business person like yourself to navigate through phone extensions and wait on hold for answers. So, we created a customer service model that provides direct lines and assigns each carrier to a specific support person. This approach enables us to offer exclusive customer service to our customers without the need to wait.

Access to Affordable Tires Nationwide over the road

They're a premium, economic tire that would cost you \$40 more on the road than it would at your home repair shop. As a member of the Paul Mark Group, you can get a premium economy trailer tire for only \$330, no matter where you are: California, Illinois, etc.

ABOUT PAUL MARK GROUP

Paul Mark | CEO

Paul Mark Group was founded by Paul Mark and a core team of dedicated pros in 2017.

As long-time logistics industry professionals, we were convinced there was a better way to do business in our industry. Some trucking companies were profitable but treated their drivers poorly. Others treated their drivers well but struggled to compete for jobs. We wanted to form a community that bridged the gap and benefited trucking companies and drivers equally. From that core idea, Paul Mark Group was born.

Headquartered in Chicago, we began life as an independently owned, membership-based recruitment company that connects qualified drivers with the companies that require their services. Before long, we expanded our scope of services to include an industry-leading tire services, fuel discounts, as well as an outstanding safety program.

Today, we specialize in tire and fuel services, and now serve our partners as a loyal, reliable and trustworthy one-stop-shop for trucking logistics support. We are based in Chicago, and our 24/7 commitment to hard work, efficiency and customer support has made us a leading option for trucking logistics companies all across the United States.
